Features

Built-In Water Faucet

Easily prewash clothes and other items right in the washer with a conveniently located interior faucet that gives you easy access to an instant water stream to remove loose soils. [more](#)

Intuitive Touch Controls

Let the washer guide you to the right cycle combinations or customize up to 26 of your own to get the right type of fabric care for whatever you're washing. [more](#)

Adaptive Wash Technology With Active Bloom™ Wash Action

Get improved cleaning and gentler care with Adaptive Wash technology with Active Bloom™ wash action. This technology senses the size of each load and then adapts water levels and wash actions, based on the type of load being washed, for optimal cleaning. [more](#)

ColorLast™ Cycle

Keep colors vibrant longer using a precise combination of gentle wash action, temperatures and time. [more](#)

Deep Water Wash Option

Get more water to help break down loose soils. This option fills your washer to the maximum water level for your load and helps rinse away loose soils. [more](#)

Low-Profile Impeller

Give clothes a thorough yet gentle clean. Designed so clothes have more room to move, the seamless surface and vanes also help drive clothes from the outer rim to the center, where the deepest cleaning happens. [more](#)

Smooth Wave Stainless Steel Wash Basket

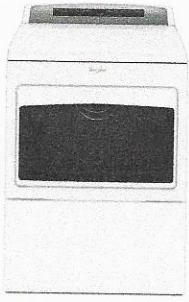

Help protect fabrics from fraying and snags with this stainless steel wash basket that gently guides clothes in the drum. [more](#)

Quick Wash Cycle

Wash a load in as little as 34 minutes with increased spin speeds to remove more water so clothes can spend less time in the washer. [more](#)

Automatic Water Levels

Automatic water levels regulate the amount of water based on the size of the load. [more](#)
